Holly, Will, Dennis, Ken, and Jeff

We're happy you all were willing to get on the phone today. As I think you all know, Will Stelle sent the attached description of his and Dennis's thoughts and reflection of their discussions with Oregon on how to move forward after our expected disapproval of the State's Coastal Nonpoint Program at the end of this month.

Lynda, Christine and I did some quick talking and have enclosed in the same attachment some questions/clarifications, an outline some of the challenges, and in some cases, ideas for moving forward.

For your consideration, we also include the following as a proposed flow/draft agenda for today's conversation:

1. Discuss Will/Dennis document and Manager Comments
 - Clarify assumptions
 - Clarify next steps for legal team
 - Clarify next steps for Management team
2. Discuss expected approach in Dennis/Will discussion with NWEA on Monday
3. Clarify (to the extent possible) Communications Approach
 - Press Release and FRN
 - Engagement with Delegation (e.g., Do we know how Whitman's discussion with delegation this week went? How proactive do we want to be?)

You all may also have other items.

Thanks, and we look forward to your conversation.

Joelle
